

INDEPENDENT AUDITOR'S REPORT

To the Members M/s Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of M/s Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited') ("the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the company") which comprise the consolidated Balance Sheet as at 31st March 2025, and the consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of Material Accounting Policy Information and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015 as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2025, of consolidated profit including other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013 and rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the management discussion and analysis and Board of Directors Report including Annexures to Board Report, Business responsibility, Corporate Governance and Shareholders Information but does not include consolidated financial statements, standalone financial statements and our auditor's report thereon. The management discussion and analysis and Board of Directors Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company, in accordance with the IND AS specified under section 133 of the Act and accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy

and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Company are responsible for assessing the ability of the company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Company are responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding Company and Subsidiaries to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

- a) Financial statements/financial information of the subsidiary company (M/s Ambient Business Solutions Private Limited), whose financial statements /

financial information reflect total assets of Rs 26.02 millions as at 31st March, 2025 for the year ended on that date as considered in the consolidated financial statements have been audited by us.

- b) Financial statements/financial information of the subsidiary company (Bonbloc Technologies Inc. USA), whose financial statements / financial information reflect total assets of Rs 372.80 millions as at 31st March, 2025, total revenues of Rs 817.89 and net cash flow amounting to Rs 92.40 millions for the year ended on that date as considered in the consolidated financial statements have been audited by us for the purpose of consolidation.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books except for the matters in paragraph 1i(vi) below on reporting under Rule 11g with respect to books of the holding company.
- c) The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Cash Flow and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of accounts maintained for the purpose of preparation of the consolidated financial statements.

- d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the companies is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) The reporting under section 143(3)(i) of the Companies Act, 2013 regarding Internal Financial Controls with reference to financial statements is not required for the company as per Ministry of Corporate Affairs notification G.S.R. 583 (E) dated 13th June 2017 and vide corrigendum dated 13th July 2017, since the company is a private company during the financial year 2024-25.
- g) The company being a private limited company during the financial year 2024-25, the provision of section 197 is not applicable to the company.
- h) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph 1i(vi) below on reporting under Rule 11(g).
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its consolidated financial statements
- ii. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection fund by the Company.
- iv. (a) The respective managements of the Holding Company and its Subsidiary have represented that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company and its Subsidiary to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The respective managements of the Holding Company and its Subsidiary and have represented that, to the best of their knowledge and belief, no funds have been received by the Holding Company and its Subsidiary from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c) Based on such audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above contain any material misstatement.
- v. (a) The Company has not declared any final dividend in the previous year.
(b) The Company has not declared any interim dividend during the year.
(c) The Board of Directors of the Company have not proposed any final dividend for the year.
- vi. Based on our examination which included test checks performed by us which are companies incorporated in India whose financial statements have been audited under the Act, the Holding company, have used an accounting software for maintaining its books of account that did not have a feature of recording audit trail (edit log) facility till 19th March 2025. Subsequently the company has migrated into an accounting software which has the feature of recording audit trail and the same has operated during the remaining part of the year for all relevant transactions recorded in the software. The subsidiary have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. Since the audit trail feature has not been implemented till 19th March 2025 , we could not comment on the operating effectiveness of audit trial (edit log) facility and on the statutory requirement on retention of Audit trail.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Companies included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports of the subsidiary.

The Consolidated financial statements are approved for issue by the Company's Board of Directors on 16-07-2025

Basis of presentation and Material Accounting Policy Information

1 Basis of preparation of Consolidated Financial Statements

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act), read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The Consolidated Financial Statements of the Group (hereinafter referred to as "company") comprise of the Consolidated Balance Sheet of the Company and its subsidiaries, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for years ended March 31st, 2025 and the Material Accounting Policy Information and Other Explanatory Information (collectively, the "Consolidated Financial Statements").

The Management of the company has prepared financial statements for the financial years 2023-24 and 2022-23 as per Ind AS. Accordingly, the date of transition to Ind AS is April 1, 2022. The company has complied with Ind AS 101, First Time Adoption of Indian Accounting Standards. The Consolidated Financial Statements have been prepared after incorporating adjustments in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 (the "Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These Consolidated Financial statements have been prepared by the company on the basis that it will continue to operate as a going concern using accrual concept except for the statement of cash flow.

Basis of Consolidation

The Consolidated Financial Statements comprise the financial statements of the parent company and its subsidiaries consolidated for all entities which are controlled by the parent company. Control exists when the parent has power over an investee, exposure or rights to variable returns from its involvement with the investee and ability to use its power to affect those returns. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the effective date the control commences and ceases when the control is lost.

The Consolidated Financial Statements ("CFS") have been prepared on the basis of audited financial statements of the parent Company viz. Bonbloc Technologies Limited and its below mentioned subsidiaries

Following subsidiaries, have been considered in the preparation of Consolidated Financial Statements:

Name of the subsidiary	%age of Holding as at		
	31st March, 2025	31st March, 2024	31st March, 2023
Ambient Business Solutions Private Limited	100%	N.A.	N.A.
Bonbloc Technologies USA Inc	100%	N.A.	N.A.

For preparation of consolidated financial statements, the financial statements of the company and its subsidiaries have been combined on a line-by-line basis by adding together book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances and transactions and resulting unrealized gain/loss. The consolidated financial statements are prepared by applying uniform accounting policies. Deferred tax assets and deferred tax liability have been offset wherever the company has a legally enforceable right to set off current tax assets against current tax liability and where the deferred tax assets and deferred tax liabilities relates to income taxes levied by the same taxation authority.

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

2 Accounting Policies

Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements have been prepared on a historical cost basis except for the following assets and liabilities which have been measured at fair value:

1. Financial assets and liabilities that are qualified to be measured at fair value.
2. The defined benefit asset / liability is recognised as the present value of defined benefit obligation less fair value of plan assets.

3 Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period, reported balances of assets and liabilities, and disclosure of contingent liabilities as at the date of the financial statements. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis and appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

4 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The Company regularly reviews significant unobservable inputs and valuation adjustments. If third party information is required, the Company assesses the evidence obtained by the third parties to support the conclusions that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

5 Property, Plant and Equipment

In accordance with Ind AS 16 - 'Property, Plant and Equipment', items of property, plant and equipment are measured at cost of acquisition less accumulated depreciation and/or accumulated impairment loss, if any. The cost of an item of property, plant and equipment comprises its purchase price including non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably

Cost and related accumulated depreciation of property, plant and equipment are eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Losses arising from retirement or gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognized in the statement of profit and loss.

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using Written down value method and is generally recognized in the statement of profit and loss and as prescribed in Schedule II to the Companies Act, 2013. Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate, prospectively.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Leasehold improvements	Lease term
Plant and equipment	3 years
Office equipment	5 years
Furniture and fixtures	10 years
Vehicles	8 years

<The space below is intentionally left blank>

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

Impairment of Non-current Assets:

Property, plant and equipment, Goodwill and other intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. In accordance with Ind AS 36 - 'Impairment of Assets', for the purpose of impairment testing, the recoverable amount (ie. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation/amortisation) had no impairment loss been recognized for the asset in prior years.

6 Goodwill and other intangible assets

Goodwill

Goodwill represents the purchase consideration in excess of the Company's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquired entity. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds purchase consideration, the fair value of net assets acquired is reassessed and the bargain purchase gain is recognized in capital reserve. Goodwill is measured at cost less accumulated impairment losses.

Other Intangible Assets

Intangible assets internally generated by the Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortization and accumulated impairment losses, if any.

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss.

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the Straight line method and is included in depreciation and amortization in statement of profit and loss.

Customer related interface has the useful life of 3-5 years.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs, which can be capitalized include the cost of material, direct labor, borrowing costs, overhead costs that are directly attributable to prepare the asset for its intended use.

The estimated useful life of an identifiable intangible asset is based on a number of factors, including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Intangible assets under development

The intangible under development includes cost of intangible assets that are not ready for their intended use on the date of Balance sheet less accumulated impairment losses, if any.

7 Revenue Recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The company accounts for a contract with a customer that is within the scope of IND AS 115 - 'Revenue from Contracts with Customers', only when all the following criteria are met:

- (a) the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (b) the entity can identify each party's rights regarding the goods or services to be transferred;
- (c) the entity can identify the payment terms for the goods or services to be transferred;
- (d) the contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (e) it is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer.

In evaluating whether collectability of an amount of consideration is probable, the entity considers the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer

The Company derives revenue primarily from hardware, software design and product development services. Revenue is measured at the fair value of the consideration received or receivable.

Revenue disclosed is net of discounts and Goods and service tax. For product development services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses. The Company has to apply the principles of revenue recognition to each of the distinct performance obligation and transaction price is recognized for each of the performance obligation of the contract.

The Company recognizes revenue when the performance obligations as promised have been satisfied with a transaction price and when where there is no uncertainty as to measurement or collectability of the consideration. Recognition criteria for various types of contracts are as follows:

Time and Material Contracts:

Revenue from time-and-material contracts is recognized based on the time / efforts spent and billed to clients.

Fixed-Price Contracts:

In case of fixed-price contracts, revenue is recognized based on percentage of completion basis. Where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

The Company's consulting services contracts are either on a time and materials, fixed price or subscription basis. These revenues are recognized as the services are rendered for time and materials contracts, on a proportional performance basis for fixed price contracts or ratably over the contract term for subscription professional services contracts. Other revenues consist primarily of training revenues recognized as such services are performed.

Revenue from support services rendered to group companies is recognized on a cost plus agreed mark-up basis as per the terms of the contract with the parties. It is recognised in the accounting period in which services are rendered.

Interest is generally recognised on accrual basis, unless otherwise stated. In case of interest on Income Tax refund, income is recognised when there is certainty of collection.

Unbilled revenue represents earnings in excess of efforts billed on software development and service contracts as at the end of the reporting period and is included as part of other financial assets.

Unearned revenues represent billing in excess of revenue recognized on hardware, software design and product development services and is included in Other Current Liabilities until the above revenue recognition criteria is met. Advance payments received from customers for whom no services have been rendered are presented as "Revenue received in advance".

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

L. Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional and is referred to as unbilled revenue as discussed above.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier) and the same is referred to as revenue received in advance as discussed above.

Contract liabilities are recognised as revenue, when the Company performs under the contract.

8 Foreign Currency Transactions

Functional and Presentation Currency

Functional and Presentation Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (i.e. the "functional currency). The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupee.

Foreign currency Transactions and Balances

Foreign currency Transactions are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of foreign – currency denominated monetary assets and liabilities into the relevant functional currency at exchange rates in effect at the reporting date are recognized in the Statement of Profit and Loss and reported within foreign exchange gains / (losses).

Non-monetary assets and liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

9 Leases

The Company assesses whether a contract is or contains a lease, at inception of a contract. In accordance with Ind AS 116 - 'Leases' A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability and reducing the carrying amount to reflect the lease payments made.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

<The space below is intentionally left blank>

10 Employee benefits

In Accordance with Ind AS 19 - 'Employee Benefits', short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

The contribution to Provident Fund (defined contribution plan), as per the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, is recognised as expense and remitted to the Provident Fund Commissioner.

The Company provides gratuity, a defined benefit plan covering eligible employees. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted.

The calculation of defined benefit obligation is performed annually by an independent actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Share Based Payments:

The Company recognizes stock-based expenses related to stock options and restricted stock awards as per the method prescribed under Ind AS 102 - 'Share-based Payment' over the vesting term.

Other long-term employee benefits – Compensated absences

Provision for long- term compensated absences is made on the basis of actuarial valuation as at the balance sheet date by an independent actuary using projected unit credit method. Actuarial gain or loss is recognized immediately in the statement of profit and loss.

11 Impairment of Financial Assets

Receivables: In accordance with Ind AS 109 - 'Financial Instruments' the Company follows 'simplified approach' for recognition of impairment loss on trade receivables, whereby, it recognizes impairment loss allowances based on life time expected credit loss at each reporting period from its initial recognition.

Other financial assets: For all other financial assets, expected credit losses (ECL) are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case the same is measured at lifetime ECL.

Impairment gain or loss recognized in the Statement of Profit and Loss is the difference between loss allowance reassessed on the reporting date and that determined on the immediately preceding reporting date.

12 Financial Instruments

INITIAL MEASUREMENT:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measure at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognized on trade date.

SUBSEQUENT MEASUREMENT:

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if both of the following conditions are met: (a) the financial assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows, and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, where interest represents consideration for the time value of money and credit risk associated with the principal amount outstanding during a particular period of time. Such qualifying financial assets are measured using the effective interest method, net of expected credit loss provisions determined in accordance with the three-stage impairment model under Ind AS 109. Financial assets are derecognised in accordance with Ind AS 109 when the contractual rights to cash flows expire or when the Company transfers substantially all risks and rewards of ownership.

Amortised assets are represented by trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

They are presented as current assets except for those maturing later than 12 months after the reporting date, which are presented as non-current assets.

Financial assets at fair value through other comprehensive income: (FVTOCI)

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss: (FVTPL)

Any financial asset not subsequently measured at amortised cost or at fair value through other comprehensive income, is subsequently measured at fair value through profit or loss. Financial assets falling in this category are measured at fair value and all changes are recognized in the Statement of Profit and Loss.

<The space below is intentionally left blank>

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method, except for contingent consideration recognized in a business combination that is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for De-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

Equity Shares in Subsidiaries at Cost

Investments in Equity Shares of Subsidiaries are accounted for at cost in the financial statements and the same are tested for impairment in case of any indication of impairment.

Business combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103 - 'Business Combinations'. The acquisition date is the date on which control is transferred to the acquirer. The Company measures goodwill as of the applicable acquisition date at the fair value of the consideration transferred, less the net recognised amount of the identifiable assets acquired and liabilities (including contingent liabilities) acquired.

Transaction cost that the Company incurs in connection with business combinations such as finder fees, legal fees and other professional and consulting fees is expensed as incurred.

13 Borrowings

Borrowing cost consists of interest and other cost that the Company incurred in connection with the borrowing of funds. All other borrowing costs are charged to the Statement of Profit and Loss as incurred based on the effective interest rate method.

The Group capitalises borrowing costs for all qualifying assets where the construction or acquisition period is substantial. Borrowing costs incurred by subsidiaries are accounted for using the same policy, and are included in these consolidated financial statements.

14 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. In accordance with Ind AS 33 - 'Earnings per Share' Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held (if any). Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held and for the effects of all dilutive potential ordinary shares. The weighted average number of equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources.

<The space below is intentionally left blank>

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

15 Accounting for Taxes on Income

Income tax comprises current and deferred tax. In accordance with Ind AS 12 - 'Income Taxes' it is recognized in profit or loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

· Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

· Temporary differences represent the variances between the carrying amount of an asset or liability as recorded in the balance sheet and its corresponding tax base, which is the amount attributed to that asset or liability for tax purposes. The Company adopts the balance sheet approach for recognizing deferred tax, whereby deferred tax assets and liabilities are determined by comparing the carrying amounts of all assets and liabilities in the financial statements with their respective tax bases.

Deferred tax is measured based on the Tax Laws and rates that have been enacted or substantively enacted at the Balance Sheet date.

· Deferred tax assets are recognized on brought forward unabsorbed depreciation and brought forward losses only if there is a virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

· Unrecognised deferred tax asset of earlier years is reassessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which, such deferred tax assets can be realised.

16 Provisions, Contingent Liabilities and Contingent Assets

In accordance with Ind AS 37 - 'Provisions, Contingent Liabilities and Contingent Assets',

A provision is recognized when an enterprise has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation, in respect of which the amount can be reliably estimated. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

A disclosure for contingent liability is made when there is a possible obligation that arises from the past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company and that may, but not probable that an outflow of resources would be required to settle the obligation. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. The Company does not recognize a Contingent asset but discloses its existence in the consolidated financial statements where an inflow of economic benefits is probable.

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

(All amounts are in INR Millions, unless otherwise stated)

Note No. 1A: Transition to Ind AS

These financial statements for the year ended 31st March 2025 have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended thereafter.

In connection with proposed Initial Public Offering of its equity shares of face value of Rs 10 each of the Company comprising a fresh issue of equity shares and offer for sale of equity shares held by an existing shareholders (the "Offer"), in accordance with therequirements of

a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");

b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations");

For the purposes of the above plan the company suo moto has adopted the accounting standards prescribed under Indian Accounting standard Rule (INDAS) and has prepared and adopted a duly audited special purpose financial statements for the year ended 2023 and 2024 using April 1, 2022 as the transition date, the Company has followed the guidance prescribed in Ind AS 101 – First time adoption of Indian Accounting Standards. The transition to Ind AS has resulted in changes in the presentation of the financial statements, disclosures in the notes thereto and accounting policies and principles. The figures of the year ended 31-03-2024 and 31-03-2023 has been taken from the special purpose financial statements.

The accounting policies set out in Note 1 have been applied in preparing the standalone financial statements for the year ended March 31, 2025 and the comparative information. Exemptions on first time adoption of Ind AS availed with Ind AS 101 have been set out as below:

A. Exceptions from full retrospective application Estimates exception:

Upon an assessment of the estimates made under Indian GAAP, the Company has concluded that there was no necessity to revise such estimates under Ind AS, except where estimates were required by Ind AS and not required by Indian GAAP

B. Ind AS optional exemptions

Property plant and equipment, Intangible assets - Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the previous financial statements as at the date of transition to Ind AS, and use that as its deemed cost on the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets and investment property.

Accordingly, the company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value as at the date of transition.

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

CIN: U72900TN2020PLC137054

Notes to Consolidated financial statements

(All amounts are in INR Millions, unless otherwise stated)

Leases

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Indian GAAP and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. The weighted average incremental borrowing rate has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Indian GAAP and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application. The company has elected to apply this exemption.

C. Ind AS mandatory exceptions

De-recognition of financial assets and financial liabilities

As per Ind AS 101 a first time adopter shall apply the de-recognition principles requirements in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, an entity may apply the de-recognition requirements retrospectively from a date chosen by it if the information needed to apply Ind AS 109 to financial assets and liabilities recognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

Classification and measurement of financial assets

As per Ind AS 101 an entity has to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition.

Accordingly, the company has determined the classification of Financial assets based on facts and circumstances existing at the date of transition to Ind AS.

30 Fair value measurements

Financial assets			
	Note	Level	March 31,2025
Financial Assets measured at Amortised Cost			
Deposits	5	3	6.31
Trade receivables	6	3	206.42
Cash and cash equivalents	7	-	113.37
Other bank balances	7	-	15.47
Loans	8	3	74.99
Other Financial Assets	9	3	6.75
Total financial assets			423.31
Financial liabilities			
	Note	Level	March 31,2025
Financial Liabilities measured at Amortised Cost			
Borrowings	14	3	6.12
Trade payables	18	3	22.09
Other Financial Liabilities	19	3	9.47
Total Financial liabilities			37.67

Investment in subsidiaries is carried at cost as per Ind AS 27 and Lease liabilities are accounted as per Ind AS 116. Both of these are not presented as financial assets and financial liabilities as part of this table.

The carrying amounts of trade receivables, cash and cash equivalents, bank balances, loans, other current financial assets, borrowings, trade payables and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

There has been no significant change between the discounting rate used on the date of transaction and as at the end of the period for the other assets and liabilities measured at amortised cost. Hence, the carrying value is taken as the fair value.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and measured at amortised cost for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')**Notes to Consolidated financial statements***(All amounts are in INR Millions, unless otherwise stated)***31 Employee benefit obligations****1. Post-employment obligations - Gratuity (Unfunded)**

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of completed service.

(i) Reconciliation of opening and closing balances of the defined benefit obligation:

Particulars	Gratuity Present value of obligation
March 31, 2024	10.07
Current service cost	6.32
Interest expenses	0.73
Total amount recognised in Profit or Loss*	7.05
<i>Remeasurements</i>	
Effect of changes in financial assumptions	(1.12)
Effect of experience adjustments	-
Return on plan assets	-
Total amount recognised in Other	(1.12)
Employers contributions	-
Benefit payments from Plan	-
Adjustment for defined benefit obligations of Subsidiary (ABSOL)	3.12
March 31, 2025	19.12

* Refer note 2(iii) - 'Intangible assets under development - Internally generated' for the expenses

(ii) The principal assumptions used in determining the liability towards Gratuity is shown below (standalone):

Particulars	March 31, 2025
Discount rate	7.13%
Salary growth rate	10.00%
Attrition rate	10.00%

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience. The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors such as demand and supply in the employment market.

Projected Unit Credit (PUC) actuarial method has been used for actuarial valuation. Under the PUC method a "projected accrued benefit" is calculated at the beginning of the year and again at the end of the year for each benefit that will

Retirement Age: 65 years

Maximum Limit on Benefits: Rs.2 million

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')**Notes to Consolidated financial statements***(All amounts are in INR Millions, unless otherwise stated)***(iii) Sensitivity analysis**

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Assumptions	Change in assumption	Gratuity (Unfunded)	
		Increase in assumption	Decrease in assumption
Discount rate	+100 /-100 %	(2.26)	2.84
Salary growth rate	+100 /-100 %	2.07	(1.99)
Attrition rate	+100 /-100 %	(0.75)	0.85

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant.

(iv) Defined benefit obligations and employer contributions

The weighted average duration of the defined benefit obligation is 20.38 years. The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
March 31, 2025	0.13	0.65	67.23	68.01

The Expected contribution to gratuity plan for the year ending March 31, 2026 is INR Nil.

v) Compensated absences

Particulars	March
i) Expenses Recognised in the Statement of Profit and Loss	0.07
ii) Amounts to be recognised in Balance Sheet:	1.00
Liability recognised in Balance Sheet	0.82
Adjustment for defined benefit obligations of subsidiaries	0.18
iii) Actuarial Assumptions:	
Discount Rate	7.13%
Salary growth rate	10%
Attrition rate	10%

Method used for Actuarial Valuation: Projected Unit Credit (PUC) Method

(vi) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Interest rate Risk

A decrease in bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in

Salary cost Inflation risk:

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. Increase in salary due to adverse Inflationary pressures might lead to higher liabilities.

Longevity risk

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants. Increase or decrease in such rate will affect the plan liability.

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')**Notes to Consolidated financial statements**

(All amounts are in INR Millions, unless otherwise stated)

2. Defined contribution plans**(a) Provident fund**

Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual or any constructive obligation. The expense recognised during the year towards defined contribution plan is INR 5.90. (Refer Note 24)

31A Movement of Provisions

Particulars	Gratuity (Unfunded)	Compensated Absences (Unfunded)
Balance at 31st March 2024	10.07	0.75
- Non Current	10.06	0.68
- Current	0.02	0.07
Provision made during the year	5.92	0.07
Adjustment for defined benefit obligations of subsidiary (ABSOL)	3.12	0.18
Provision used during the year		
Provision reversed during the year		
Balance at 31st March 2025	19.12	1.00

<The space below is intentionally left blank>

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')

Notes to Consolidated financial statements

(All amounts are in INR Millions, unless otherwise stated)

32 Financial risk management

The Company's activities expose it to market risk, liquidity risk, credit risk and interest risk.

A. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation. Credit risk arises from cash and cash equivalents, deposits with banks as well as credit exposures to customers including outstanding receivables, loans to staff and financial assets measured at amortised cost.

Credit risk management

- a) Credit risk on deposits is mitigated by depositing the funds in reputed private sector banks.
- b) Credit risk on unsecured deposits is managed based on Company's established policy, procedures and controls. Outstanding deposits are regularly monitored and assessed for their recoverability.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Company periodically monitors the recoverability and credit risks of its other financial assets including security deposits and other receivables.

Expected credit loss for financial assets other than trade receivables

There has been no significant increase in credit risk for financial assets other than trade receivables. Thus, no expected credit losses have been recognised.

Expected credit loss trade receivables - simplified approach

Customer credit risk is managed by the Company based on established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on prior experience. Outstanding customer receivables are regularly monitored and assessed for its recoverability. Default is said to occur when the amount remains outstanding beyond the agreed credit period. An impairment analysis is performed at each reporting date on an individual basis for major clients. This is done by taking into account the financial position, past experience and other industry-wide factors. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

The expected loss rates are based on the payment profiles of balances over a period of 36 months before the reporting date and the corresponding historical credit losses experienced within this period.

Trade receivables are written off where there is no reasonable expectation of recovery. The company has not written off any amounts as bad debts from inception as the receivables are received within our credit terms.

Reconciliation of loss allowance provision of Trade receivables

Particulars	Amount
Loss allowance on March 31, 2024	-
Increase in loss allowance recognised in profit or loss during the year	-
Receivables written off during the year as uncollectible	-
Adjustment for Loss allowance of subsidiary	0.70
Loss allowance on March 31, 2025	0.70

Note: The company deals mainly with 2 major customers. Their receivables contribute to 95% of the group's revenue and the same has been collected within the credit limits entered by us for the past 3 years. Rest all receivables are due in less than 6 months(Note: 6 Ageing). Hence, Expected credit losses has not been provided for the year ended 31.03.2025, 31.03.2024 & 31.03.2023 based on the same. In the books of subsidiary, the allowance for credit losses has been recognised based on historical loss experience adjusted to reflect current and estimated future economic conditions.

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')**Notes to Consolidated financial statements***(All amounts are in INR Millions, unless otherwise stated)***B. Liquidity risk**

The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Management monitors the Company's liquidity requirements on the basis of monthly and yearly projections. The Company's principal source of liquidity are cash flows that are generated from operations and surplus cash is deposited in the banks which are liquidated based on working capital requirements.

(i) Maturities of Financial assets and

The amounts disclosed in the table are the maturity profile of contractual undiscounted cash flows of the Company's financial assets and liabilities:

Particulars	Upto 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years	Total
As at March 31, 2025					-
Financial assets					
Trade receivables	205.97	0.06	1.09	-	207.12
Cash and cash equivalents	128.84	-	-	-	128.84
Loans	74.99				74.99
Other financial assets	9.70	0.12		3.25	13.06
Total	419.50	0.18	1.09	3.25	424.01
Financial Liabilities					
Borrowings	0.99	2.27	1.31	-	4.58
Trade payables	21.47	0.62	-	-	22.09
Lease liabilities	8.54	10.77	34.91	-	54.22
Other financial liabilities	9.47	-	-	-	9.47
Total	40.46	13.67	36.22	-	90.35

C. Market risk**Foreign exchange risk**

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR) of the Company

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follow:

	Trade payables	Borrowings	Trade receivables (incl. Unbilled Revenue)	Cash and Cash Equivalents	Net exposure to foreign currency risk
As at March 31, 2025					
USD	-	-	3.26	-	3.26

(b) Sensitivity analysis

Particulars	Impact on Profit after tax
	March 31, 2025
USD sensitivity	
USD appreciates by 5% vs INR	0.12
USD depreciates by 5% vs INR	(0.12)

*Holding all other variables constant

Bonbloc Technologies Limited (formerly known as 'Bonbloc Technologies Private Limited')**Notes to Consolidated financial statements***(All amounts are in INR Millions, unless otherwise stated)***Interest rate risk management**

The risk is that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's financial liabilities comprise mainly of trade payables and other payables. The Company has not entered into any of the interest rate swaps.

D. The exposure of company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2025
Variable Rate Borrowings	1.55
Fixed Rate Borrowings	4.57
	6.12
Interest Rate Sensitivity analysis	Impact on Profit after tax
	March 31, 2025
Interest rates - increase by 50 basis points	(0.02)
Interest rates - decrease by 50 basis points	0.02

The Company's investment in fixed deposit with banks is only on Fixed Interest Rate Terms and hence, there is no exposure to future interest rate movement.

Capital management**(a) Risk management**

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. For the purpose of the Company's capital management, 'capital' includes issued equity capital, securities premium and other equity reserves attributable to the equity holders of the Company.

The primary objective of the Company's capital management is to maximise the shareholder value. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements that best meets its strategic and day-to-day needs while diversifying sources of finance and spreading them across tenure buckets in order to manage liquidity risk. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics.

The Company's policy is to maintain a stable and strong capital structure to focus on total equity so as to maintain investor and creditor confidence and to sustain future development and growth of its business.

Particulars	As at 31 March, 2025
Net debt*	(122.71)
Total equity	491.24
Net debt to equity ratio	-

* Net Debt = Borrowings (-) Cash and cash equivalents including other bank balances
